The first thing you'll notice about EO's conditioner is the unique, invigorating aroma, which comes from a blend of essential oils including peppermint, rosemary, and lemon peel. These oils work double-time, also stimulating hair follicles. Meanwhile, a long list of botanical extracts, plus amino acid-rich quinoa protein and hydrating coconut and jojoba oils, condition and strengthen hair. EO massages in easily, creates a decent lather, and made our hair feel and look light and super healthy. [[\\$8.99, 8.4 oz.;](#)
